

## Force of nature wrecks havoc throughout the country

Bills Pipeline January has been a particularly sad month for our District with the passing of PDG Lorriane Strickland, PDG Rick Sullivan and Lion Allyn Bryant, who served as a Lion for 48 years. These dedicated Lions with their wealth of knowledge will be sadly missed. On behalf of District I extend sincere condolences to all the families.

The great force of nature has hit Australia and Western Australia very hard, with the recent Carnarvon floods affecting this town twice in just a few weeks. The floods in Queensland and then the cyclone, together with the floods in New South Wales and Victoria have all been very devastating. Now we have had the catastrophic fires in Roleystone and Kelmscott, with 72 houses being lost and many more being damaged, in District W2. I would like to encourage Lions Clubs to dig deep and please send donations through to Cabinet Treasure David Baird. Please indicate on the reverse side of the cheque, to which cause your members would like the donation to go.

### Membership

There has been a positive increase in membership and I would to welcome those new Lions who have joined our association. Geraldton Lions Club has inducted six new members. The Lions Club of Dalwallinu has inducted five new members. I was given to believe that Mingenew Lions Clubs had inducted three new members in December, but they never appeared on the MMR and at least two have now left town. It is the responsibility of the club secretary to ensure that the MMR is completed in a timely manner.

The proposed new club of Stratton held a lunch meeting on February 6 with Zone Chairman Mary Kayes and Lion Roger Williams, PDG Pam Baird and PDG Neil Saunders in attendance. Six new members were signed up bringing the formation of this club closer. Thank you to all involved. We will keep you posted.

### UNDERGROUND MEETING

DG Bill is pictured with Hannans Goldfields President Larry Turner, PDG Sandra and Lion Sue Turner.

## Bill's Pipeline

### Extension Training Workshop

Please encourage members of your clubs to keep March 19-21, 2011 free, come along and enjoy the experience. New club consultant Russ Connelly will be facilitating the program. This program is not just for forming new clubs, but provides a wealth of information and instruction on gaining new members. Your club secretaries have received this information in the district mail out. Alternatively you can contact Extension Chairman Ivan Sturgess on 92504268 or MERL Chairman IPDG Pam Baird on 92461201 with the member's names.

### Visitations

It is truly amazing the amount of different venues that Lions Clubs use for meetings. In November Sandra and I had the pleasure of visiting the Clubs in the Kalgoorlie region. Kalgoorlie is approximately 750Km from my home and is the gateway to the eastern states. Mining for gold is the main activity in this region but the population explosion has seen the towns of Kalgoorlie and Boulder grow into one city.

I thought it a little strange that there had not been very much communication from the Hannans Goldfields Lions Club in regard to my official club visit and the District Hospitality Chairman Pat Johnson was a little low on information as to the venue. We were however delighted to accept warm home hospitality with the President Larry and wife Lion Sue. On the night of the meeting with Hannans Goldfield Club we were driven to the venue by the President, or should I say near to the venue,

DG Bill Laundry.

because we pulled up at the Hannans Gold Mine Tourist Centre on the edge of Kalgoorlie CBD.

So far so good. I thought we would probably hold the meeting inside the Tourist Centre and perhaps have a video presentation and talk on gold production. No. We were escorted to the mine shaft and lowered down in the cage with two other Lions. The cage was only built to hold four at a time. Down and down we went to the 35m (100feet) level and low and behold it was the Hannans Goldfields meeting night in the mine.

I don't know if this is the first Lions meeting to be held underground in a gold mine in Australia or for that matter the world. The evening meal consisted of 14 freshly delivered pizza's which were enjoyed by all. Prior to the meeting a little tour was organized and with hard hats on, we explored the workings and looked for free gold samples. Unfortunately Sandra and I didn't find any. ## UNDERGROUND IN KALGORLIE

Turner welcomed everyone and proceeded with the meeting. It is the first time I have ever given my speech 35m underground and it was an experience that we will treasure for the rest of our lives. I have looked into club meetings held under ground and this is the first in Australia and maybe the first in the world. Well done Hannans for creative thinking and District W1.

I had the pleasure of inducting three new members into the Kalgoorlie Lions Club on the 17th November. This Club is truly excelling in membership growth and participating in community and District projects. This is one of our oldest Clubs in the District, being 43 years old and it is particularly pleasing to see them going so well.

Yours in Service  
 - Bill Laundy, District Governor  
 201W1

## W-Districts exceed Mints sales

THE Lions Mints and Caramel Fudge year has ended. It runs from January to December each year.

The National Mints report shows five Districts exceeded last year sales, N2, V5, V6, W1 and W2, but unfortunately no District was on target for 2010. Both the W-Districts are to be congratulated for increases in sales of mints, the addition of clubs who did not have sales in the previous year and the enthusiastic introduction of Lions Fudge.

The sales of Christmas Mints are disappointing, especially as this is a product that is specifically targeted to the Christmas season and makes an excellent addition to your Christmas Cakes sales. At nearly a 60% profit, for clubs it is a handy seasonal income earner for clubs. Another disappointment was the number of clubs who lost momentum and did not order as many cartons of Mints as in the previous year.

Lions Australia Caramel Fudge was launched at the 2010 Mildura Convention last year and it is pleasing to see so many clubs willing to try this new product. With a profit margin of nearly 60%, plus the introductory offer of five displays, for the price of six, surely those clubs who ordered fudge received value for money.

### MINT SALES BY DISTRICT.

2009 W1 487 crtns W2, 502 crtns  
 2010 W1 494 crtns, additional clubs, 6  
 W2, 521 cartons, additional clubs, 11

### FUDGE SALES BY DISTRICT.

2010 W1, 69 crtns by 20 clubs  
 W2 38 crtns by 19 clubs.

### XMAS MINTS SALES BY DISTRICT.

2010 W1, 53 crtns by 12 clubs  
 W2, 6 crtns by 3 clubs.

The contact numbers for ordering are:  
 MINTS: 1800 815 787 (Dollar Sweets)  
 FUDGE: 1800 805 418 (Gran's Fudge)

Any problems please contact your District Chairman or myself.

-Lion Dot Saunders, W-Districts State Coordinator, Mints & Fudge.

## ALF GRANT TO SUPPORT BUSHFIRE VICTIMS IN KELMSCOTT-ROLEYSTONE

W2 District Governor Terry Gray was very pleased when he heard of the decision that the Australian Lions Foundation had made with a Disaster Recovery Grant for \$60,000.

Grants Chairman & Trustee W-Districts PCC Ian Kelly told the W-Districts Newsletters that whilst General Grants are to assist individual clubs and districts within their communities ALF also includes Emergency Grants, Disaster Recovery Grants, Special Purpose Grants and Compassionate Grants as stipulated in the ALF Policy Minutes.

The \$60,000 allocated to W2 for the Kelmscott/Roleystone Bush Fires is a Disaster Recovery Grant, the figure of \$60,000 was based on a criteria agreed upon by the Trustees. As both Districts had launched an appeal for funds to be administered by District 201W2 this enabled ALF to pay the funds immediately into the disaster relief account. As mentioned by ALF Chairman Paul Logue in the email (see below) there are specific guidelines for the accountability and management of the funds.

To apply for such a grant the District Governor

must apply in writing to the ALF Chairman for funds, after this action was completed it was approved.

Late last week a Disaster Recovery Grant of \$40,000 was allocated to Q2. And several years ago a \$40,000 grant was made to W1 for the Toodyay fire victims.

PDG Paul Logue, chairman Australian Lions Foundation stated . . . re the impact of the bushfires in the Kelmscott and Roleystone areas of your District, I am pleased to advise that the Trustees of the Foundation have approved an Emergency/Disaster Grant to Lions District 201W2 of \$60,000 for Lions to assist the bushfire victims.

Our cheque will be forwarded shortly under cover of an official letter, which will contain information and suggestions as to how the grant funds could be used. The communication will also include a "Grant Accountability Form" to record the expenditure of the grant funds - this form is to be completed and returned to us in due course as it is required both for our grant management process as

## Five inducted into Geraldton Lions Club

Subsequent to a three day promotion in a local shopping mall in Geraldton, five new members (average age 36) have been inducted into the club. Pictured right with Lion President Rolf Nagel on the right.

The new Lions are, from left to right, Brian Jackson, David Craft, Sylvia Vella, Paul Rushton and Barbara Williamson. They were inducted by club member Lion George Leuty, who claims to be Australia's only Pommie PDG, at the club meeting on January 24.

# VALE: Rick Sullivan, father to Exemplary Service Awards

Rick joined the Portarlington-Drysdale Lions Club in Victoria on May 8, 1978 and during his six years at that club was secretary, second VP, first VP and in his second year as president when he moved to WA and joined the Inglewood Club.

During his time at Portarlington Drysdale Club he was an innovator being responsible for the introduction of Youth Encouragement Awards and the development of the Lions Village for the aged Bellarine where he was the clubs representative and secretary from the outset of the project.

On moving to WA he joined the Inglewood Lions Club and again set up the Youth Encouragement Awards and was president in 1987/88. With the closure of Inglewood Rick transferred to Ballajura Lions Club.

Rick was the 201W1 District Governor in 1991/92 and set up the Lions Exemplary Service Awards which recognises the contribution of non-Lions to the community. The Awards have allowed clubs within the District to recognise those members of their local community who have made a special contribution. Rick organised and ran the Awards until ill

PDG Rick Sullivan's daughter Robyn Roth was unable to see her father for a final time as she flew into Perth just hours after Rick had passed away.

Robyn told the congregation that she was not accustomed to public speaking, not like her Dad. Her delivery was well executed and she gave those that attended Rick's celebration of life plenty to think about, his background in Victoria before he made it into WA.

Dad was born in Dandenong Victoria in 1927 and at the tender age of four he contacted Tuberculosis. He was quite an ill little boy so on doctor's recommendations the family moved to Henty. Dad and his brother Anthony got into local life and made friends, Dad recovering well. Here he was made to learn piano, he hated being cooped up indoors when his mates were out playing footy.

With his boy soprano voice he sang in the choir and at other events he did enjoy this. This became a lifelong habit he was always singing or whistling a tune, I even heard him in the 50s on the radio singing Autumn Leaves.

His education was with the Sisters of Mercy as a boarder and he loved it so much he was always escaping. He was a strong willed scallywag but the police tamed him by showing him the cell reserved for him if he tried to escape from the convent one more time.

DG Pam Baird presents PDG Rick Sullivan with his Progressive Melvin Jones award.

health made it difficult for him to proceed however the project is still running.

**“His lifelong habit was always singing or whistling a tune”—Robyn Roth.**

Another move to Wodonga to take up the Terminus Hotel. Dad continuing at school with the Christian Brothers in Albury. Dad became an altar boy and joined the priests in their charity work. Perhaps his lifelong desire to serve or give something back was born here.

War was declared the hotel sold and the boys were sent to their Aunty Sissy in Maryborough. The co-ed high school suited dad much better but it wasn't long before the boys were called to South Yarra in Melbourne where their parents had purchased a home.

My parents married in 1947, dad attending night school for Electroplating and Metal Finishing. He joined Hecla and did well there.

Dad then started up his own business in Reservoir always “running not walking” as people told us. I knew that I as it was a struggle for me to keep up with him. During this

Rick was always involved in club and District projects including the weekly hotel raffle, sale of Christmas Cakes, Youth Encouragement Awards presentations, Children of Courage and various projects with the Kids Open Learning Centre in Maylands. Rick was also involved in the formation of the Bassendean Lions Club.

As District Public Relations Chairman he wrote an information booklet “Who are the Lions” which gave a lot of information for new and prospective Lions.

Rick was also a Director of the Lions Save Sight Foundation where he was responsible for the Walk for Sight and Lions Days in the City.

During his Lions career Rick received the following awards in recognition of the outstanding contribution he made to both the Lions movement and the community in general: Progressive Melvin Jones Fellowship; William Tresise Fellowship; James D Richardson Award; Ian M Stockdale Humanitarian Award; Tom Cameron Award; Life Membership of Lions Clubs International.

Rick will be remembered by all who knew him as a gentleman who was always willing to help.

time my sister and I were often with him when he distributed food parcels and toys to families down on their luck.

Dad was in the local trade association and well respected and he received an offer to run for local government. He was keen but Mum did not want him away even more hours as their home was still unfinished.

One day a truck pulled up to deliver parcels. Mum opened one of these packages and there was Dad's gorgeous face smiling at us on a blue and white election handbill. My job for the afternoon was to fire up the incinerator and burn these leaflets. Dad was a “busy” person always fixing or painting something. He liked to keep everything neat and tidy.

Dad shared all his news, the various projects he was managing, he was very respected for his knowledge and expertise in industrial environmental and waste problems and sometimes asked me to join him at receptions with politicians and industrial authorities at this time.

We are now in the 70s and Dad meets Maisie. They are a perfect partnership. This gives Dad the strong emotional security he needs and they start to realise a lot of their dreams together. I am so saddened that Maisie cannot be here today with us to farewell Dad. Dad married a family. They also did a lot of caring and supporting when it was needed especially these last couple of years.

I moved with my family, husband Siggy and son Alexander James to Germany in 1996. Dad and I kept in touch and when I returned to Australia I always tried to get to Perth to see Dad and his other family. Dad used to drive me all over Perth and the State showing me points of interests and then later when he wasn't so mobile he always had one of his famous lists for me of must sees. Dad loved his adopted State of WA and Perth.

Dad had the courage and the strength to follow his dreams. He gave a lot asked for little in return. He loved a good meal and a few drinks with family and friends. He had drive, vision and a practical and logical way of tackling a problem. His early life experiences developed his self-reliance skills, he taught himself to do a lot of things. He worked hard all his life but at the end he was frustrated by his increasing dependence on others.

# Lions clubs respond to Carnarvon floods

LIONS Clubs from across Western Australia have offered many different kinds of assistance for the people of Carnarvon worst affected by the December and January floods.

On December 20 Carnarvon experienced the highest level in recorded history of the Gascoyne River with it peaking at 7.8 metres. Although the levee system built to protect the town centre withstood this unprecedented amount of water the plantations, homes and businesses outside the levee were inundated with water. Some properties were completely destroyed, with families losing everything.

On January 6 the river peaked again, this time at 6.5 metres. Although many of the properties and businesses were spared a second major inundation, about 20 properties once again had water through their sheds and homes.

With the extent of the damage Carnarvon Lions President John Maitre said the response had been nothing short of exceptional with offers from monetary donations to assistance with restoring flood damaged homes and properties. "In addition, the Carnarvon members

assisted in many different ways including coordinating and preparing three meals each day for the 40-odd SES volunteers who came to town to assist with the emergency response," he said.

Immediately following the first flood, an offer of toiletries, clothing, linen and toys was made by the Binningup Lions Club which resulted in four pallets of various items, including new clothing arriving in Carnarvon. Through coordination with the Department of Child Protection, Carnarvon Lions members packaged and delivered clothes and linen for families who had lost everything. In addition, about 30 care packages with a variety of toiletries and personal items were provided.

Gascoyne Junction, inland from Carnarvon, was also badly affected by the flood. The small community and surrounding pastoral station homesteads were badly damaged with some families losing everything. Dongara Lions sent up a truck load of assorted furniture and household goods and these were taken to Gascoyne Junction for distribution to those in need.

President John said that this small contribution to the many efforts being undertaken across the community was warmly and gratefully received. The lives of many will take some time to be restored to a normal level and the efforts to assist will continue.

## Governor General visits

On Sunday, January 23 the Governor General Quentin Bryce visited Carnarvon to see first hand the flood affected area. In an effort to meet and speak with flood victims a small function was held at the Carnarvon Yacht Club where the Carnarvon Lions provided a sausage sizzle for the plantation and business people who attended.

Carnarvon Lions were once again involved with Australia Day coordinating the Australia Day Breakfast and providing a bus service to assist plantation people attend the Australia Day celebrations in town which included a fireworks show in the evening.

"The state-wide response through Lions has been tremendous and on behalf of the Carnarvon Lions and the Carnarvon community we offer our heartfelt thanks to the Lions community across Western Australia," president John said.

*Picture caption: Her Excellency Quentin Bryce, Governor General of Australia and husband Michael Bryce with members of the Carnarvon Lions.*

## LIONS SAVE SIGHT FOOTBALL TIPPING COMPETITION 2011

The Football Tipping Competition is on again and open to everyone and we encourage you to ask your family, friends and work colleagues to take part.

We would like this year to be the biggest yet.

The more that take part, the bigger the prizemoney and the more we can raise for Lions Save Sight.

The Lions Club of Forreestfield High Wycombe is again managing the competition this year on behalf of The Lions Save Sight Foundation.

To take part simply complete the Entry Form and return it with your cheque for \$50.00 (made payable to Lions Club of Forreestfield High Wycombe) to PO Box 455 Forreestfield WA 6058.

Upon receipt an information pack will be sent to you.

If you require more entry forms, feel free to photocopy this form.

## ENTRY FORM

# Goomalling's 'Batteries for Boobs' project success

THE successful completion of the Goomalling Lions Club batteries for boobs campaign finished with the presentation of a cheque for the sum of \$10,000 to Breast Cancer Care WA at the Goomalling Shire's Australia Day Breakfast.

The original idea for the battery drive started in early September with the idea that the club would raise funds for Breast Cancer research as part of the Breast Cancer Month (October).

We then came up with the catchy slogan of 'Batteries for Boobs' which was a huge hit for the community.

The battery drive was organised for Saturday, October 24 with the plan to collect as many old vehicle batteries be it truck, tractor, cars or even motorbikes as we could.

We started by dividing ourselves into three groups with the first group of members manning the Lions recycling depot and cooking a free sausage sizzle that was available for those people who chose to bring their batteries direct us. The remaining groups then split up with one heading south and the other heading north of Goomalling to collect batteries from those farmers who were unable to bring them to town.

In fact such was the number of requests to pick up batteries that not only did go out collecting batteries on the first Saturday

## Darling Range excepts a big thank you from Megan

A LETTER of appreciation was received by the Lions Club of Darling Range from Lesley and Megan Smith (pictured above) through purchase and gift of a new wheelchair for Megan.

The letter stated . . . "I would like to thank Lions members for the recent support they have provided for my daughter Megan in the purchase of a new wheelchair.

It is hard to express the gratitude and sentiments we feel but only to say that we sincerely thank you for providing the financial support in the purchase of the wheelchair.

I would also like to thank Mary and Roger for their help and support with the above purchase. Once again we thank you for your generosity to Megan and myself, she will have many years of much more freedom with her new chair.

Your sincerely Lesley and Megan Smith.

as originally planned we also went out again the following Saturday to complete the collection. In total we manage to collect over 1000 batteries from around the district and surrounding areas with a total weight of 20 tonnes.

-Lion Christine van Gelderen.

## Pan Pacific Hotel to host Children of Courage awards

On Thursday, January 20, 2011, I went with DG Bill Laundy and PDG Sandy Laundy to the opening of the Pan Pacific Perth Hotel at the invitation of the hotel manager Grant Raubenheimer.

Grant wants the hotel to take an active role in the community and has agreed to host the Children of Courage Awards this year.

As a fore-runner to this, he invited to the opening ceremony, children from several charities that the hotel will support this year, Princess Margaret Hospital, Canteen and Starlight as well as Lions International.

I invited Anthony Myers (AJ) and Ryan Evans, two children from last year's awards, and they both assisted the Hon Kim Hames, Deputy Premier, in cutting the tape to open the Hotel.

The hotel provided each charity with a voucher for three nights stay in a one bedroom suite inclusive of daily breakfast for two adults and two children at a Pan Pacific Hotel. Ours is for the hotel in Bangkok and is valued at \$750 and this will be the main prize in a raffle over the coming weeks to

raise funds for this year's Children of Courage Awards on April 3rd.

-Chris Smelt, W1 District Chairperson.

PICTURE BELOW: Back row: DG Bill Laundy, Grant Raubenheimer, General Manager Pan Pacific Hotel, Lion Steve Page. Front row: Jane Myers, AJ, Lion Chris Smelt, Ryan and PDG Sandra Laundy.

# Want a weekend with Bruce or Christine? Try the Second Essential Juice Leadership Weekend

THE weekend of March 25<sup>th</sup>, 26<sup>th</sup> and 27<sup>th</sup>, 2011 is the date for the second Essential Juice Leadership training programme.

It follows a most successful similar programme held at Woodman Point in early November. This program has the full endorsement of W1 District Leadership chair Christine Walker.

Leadership Chairman PDG Bruce Hearman, in announcing the time of the program, says this event is being organised to provide for Lions from both District W1 & W2 to attend.

The venue is the Lions Myalup Pines Cottages, Forestry Road, Harvey and will be a live-in style event as in the past.

By the time of the event all clubs will have elected their Club Board of Management for the year 2010-2011 and Bruce requests members support to the fullest extent as many of their incoming Club executive

attending as possible, particularly vice presidents and presidents.

Indeed, any Lion with the ambition and desire to promote their own self development will gain profoundly from participating in this programme.

Many clubs previously have subsidised the cost of members doing so.

Comments from past participants have always claimed the programme is unequalled in providing, amongst other things, improved management skills and

heightened self-confidence.

This immensely assists with the creation of satisfying and rewarding club environments that support all our members.

Lions from both Districts intending to participate, or with any questions about the programme, are requested to contact members of their District Leadership Team as soon as possible. Further information will be provided before the event.

**-PDG Bruce Hearman District 201 W2 Leadership Chairman.**

Some items have been held over due to space constraints, however they will feature in the March edition of the West Lion. This will give the authors a wider audience.

Thanks for your continuing support,  
**-DAVID BROUGHTON, W1 PUBLICATIONS CHAIRMAN.**
