

Nannette Collins retired to Jurien Bay in the Year 2000 with her husband Lyle. She joined the local choir as she loves singing and is still a member. She also enjoys the social evenings on Friday night at the Bowls Club.

In 2001 she was asked to take over as Organizer of the Royal Flying Doctor Service Fundraising Committee. The RFDS is an important part of this community due to the distance from Perth and the nearest hospital in Moora over an hour away. She accepted the challenge and has been at the helm ever since. Nannette gathered a team of friends around her and set to work organizing raffles, cake stalls, market stalls, cheese and wine tasting events, fashion parades and placing donation tins in businesses around the town.

Nannette is not now in the best of health but she can still be seen at the local IGA selling raffle tickets fundraising for the RFDS.

In the 11 years she has been involved with the RFDS Nannette and her team have raised a total of \$199,162 dollars and 50 cents)

What a remarkable achievement by a remarkable lady. She is still very committed to fundraising money for this worthy cause.

The Lions Club of Jurien Bay honours and salutes Nannette for her exceptional high flying achievement.
