

Owen "Rabbit" Pointer

Owen "Rabbit" Pointer has been running the iconic Broome Crab Races for over 21 years to assist Broome Not for Profit organisations every Sunday night from Easter School Holiday's through to the end of October.

During the past 21 years, over \$400,000+ has been raised for Broome based NFP's, with the Lions Club and the Lioness Club having been invited to assist Rabbit numerous times during the season; for which he attends to all of the preparation and costs and all the charity does is help sell the raffle tickets and help out on the night and half the proceeds go to the charity, with the other half being used for prize money.

Rabbit gets none of the funds and covers all of the costs and he has been doing this as his contribution to the many worthy causes in Broome and without his vision and continued actions, the Broome community would be far the worse.
