

## Tony Galati and Family

Starting on a 5 acre property in Yangebup in 1965 growing beans the family developed a desire to cut out the middle man and provide the public with low cost fresh produce.

This has since evolved into Western Australia's only vertically integrated agribusiness.

Fresh fruit and vegetables grown on family farms located at Myalup, Capel, Manjimup, Bindoon, Geraldton and Kununurra supply 7 massive Spudshed stores in Morley, Innaloo, Jandakot, Kelmscott, Baldivis, Mandurah and Wanneroo with plans for more stores in 2016 and beyond.

The organisation employs more than 700 people.

They are a very close and extensive family who work hard and are all involved in the business.

Brothers Vince and Sam and nephews Jordan, Frank, Josh, Pip, Sam together with Tony's own children Frankie, Seb, Anthony and Alana making a formidable team.

**Tony Galati, Agostino Pietracatella, Membership Director, City of Perth (Host) Lions Club and, Colin Heap, District Governor 201w1.**

As busy as they are they are very quick to extensively support the work of the City of Perth Lions Club both financially and in kind as well as with their attendance en mass at the club's annual fundraising luncheon.

They don't always wait to be asked but invent ways they can help – The Club and public are indebted greatly to this fantastic family.
